*Ameriplan Programs are Free in the month of November with a \$20 enrollment fee. Save \$14.95 to \$59.95 depending on the program*

For almost 16 years, AmeriPlan Corporation has been the leader in providing affordable, money-saving discount healthcare programs.

AmeriPlan's Dental Plus, Basic Health, Total Health, and Total Health Plus programs have saved uninsured and underinsured Americans hundreds of millions of dollars on their Dental, Vision, Prescription Drug, Chiropractic Care and other health-related expenses.

AmeriPlan is allowing individuals to try their services at no cost in November with a \$20 enrollment fee.

Members will save \$14.95 to \$59.95 this month depending on the plan they choose.

AmeriPlan's programs are not insurance; instead, AmeriPlan provides healthcare services through networks of contracted providers.

AmeriPlan's healthcare providers offer their services at reduced rates to AmeriPlan members because members pay for the services they require at the time they are provided.

AmeriPlan members may also enjoy access to ancillary services such as lab work, a hospital advocacy program, plus legal, identity theft and auto club services.

Dennis and Daniel Bloom comment, "We are so proud of our company, employees, independent sales force, members and healthcare providers. Our mission to provide quality, affordable healthcare to the public is a partnership between AmeriPlan and our Independent Business Owners. Together, we can make a significant difference in the lives of millions of people in the coming years."

Ameriplan is available in these states:

Alabama Arizona Arkansas California Colorado Connecticut Delaware District of Columbia Florida Georgia Hawaii Idaho Illinois Indiana Iowa Kansas Kentucky Louisiana Maine Maryland Massachusetts Michigan Minnesota Mississippi Missouri Nebraska Nevada New Hampshire New Jersey New Mexico New York North Carolina Ohio Oklahoma Oregon Pennsylvania Rhode Island South Carolina Tennessee Texas Utah Virginia Washington West Virginia Wisconsin
