Nov. 10, 2008 - [PRLog](#) -- With the Thanksgiving holiday fast approaching, Edible Gifts Plus is taking the worry and the work out of preparing your holiday dessert. With Edible Gifts Plus, there is nothing to prepare. This year's dessert recipe just calls for a quick point and click and Edible Gifts Plus will send your favorite home-made desserts right to your door. The gourmet dessert website is famous for their home made cakes, pies, chocolates, and baked goods.

Margo Saunders, CEO of Edible Gifts Plus says the site is filled with great dessert ideas for the Thanksgiving holiday. Unlike the Turkey and stuffing, these sweets can be delivered right to your door and ready to eat.

The site's main website is <http://www.ediblegiftsplus.com>

One of the most outrageous desserts on the site is an oversized 3D cookie in the shape of a Turkey. This makes a great center piece during your dinner. Your guests will surely be talking for days about your giant Turkey cookie. http://www.ediblegiftsplus.com/product_p/sc-3dturkey.htm

If you feel like the holiday just isn't complete unless you do some baking of your own, try the jar of pecan pie filling from Edible Gifts Plus. You can make a traditional pecan pie by adding fresh eggs and butter and baking it in your own pie shell.
