### **Calmer Sutra Tea ~ America's Fresh Alternative in Chai**

2008 has seen Calmer Sutra Tea cross the vast expanse of the Pacific Ocean to now settle on the east coast of the U.S.A. Far from its Australian inception in 2001, it now continues its aim of satisfying the palates of health conscious, savvy tea drinkers in American cafes and restaurants such as in its newest home Rockn' Joe's Coffeehouse and Bistro.

Calmer Sutra Tea gained its international reputation for its all natural, made fresh to order Chai tea; the healthy 'calming' alternative to ones daily cup of coffee. To make our chai, we hand grind 8 different Indian spices (including cinnamon quills, cardamom pods and star anise flowers), then blend with fresh ginger root, pure farm fresh honey and lush premium black tea leaves. Calmer Sutra Chai tea continues to be the only freshness dated 'wet' chai mix on the market and consequentially, the only chai tea that delivers superior taste, fullness of flavor and that distinctive Calmer Sutra 'zing'; it's the all natural chai that's so fresh it's actually kept in the fridge.

Our mission is simple: - to satisfy the eclectic tea drinking desires of all, by supplying high quality, freshly made and uniquely blended Chai tea. At Calmer Sutra Tea we believe in our product and are committed to providing excellent service to our customers.
