By Infiniti of Scottsdale

Dated: Nov 13, 2008

Infiniti of Scottsdale has announced new leasing programs for their remaining 2008 Infiniti EX35 SUVs and G37 Coupes. During the 2008 Infiniti Clearance Sale, you can get into the Infiniti of your dreams for as low as \$346/month!

Brant Geisler, the Director of New Car Sales at Infiniti of Scottsdale announced today that all remaining new 2008 Infiniti Models are being reduced again in IOS's first ever Clearance sale.

Two models, the EX35 and the G37 Coupe headline this sale.

2008 Infiniti EX35

The award-winning, luxurious 2008 Infiniti EX35 Crossover SUV has been recognized as the Highest Ranked Entry Premium Vehicle in Initial Quality by J.D. Power & Associates and has earned a Top Safety Pick from the Insurance Institute for Highway Safety. The "leader in its class for state-of-the-art safety" earned the accolade because of its "superior overall crash protection" based on front, side and rear crash tests. But the EX35 isn't all about safety. Its 297 horsepower engine creates the exhilarating driving experience of a sports car with the capabilities of an SUV, a combination that separates it from other crossovers. Lease specials for the EX35 during this blowout promotion start at only \$346 per month. See http://www.infinitiofscottsdale.com/inv_new.php?vStatus=1&specials=1 for the details.

2008 Infiniti G37 Coupe

"It's hard to imagine a finer blend of price, performance and pleasure than the G37." That's how USA Today describes the 2008 G37 Coupe, named an All-Star by Automobile Magazine. It's sleek styling, sports car performance and pure "fun to drive" experience makes it one of the most popular vehicles in its class. With its styling, luxury and classleading 330-hp, the G37 offers a driving experience like nothing before it. Infiniti of Scottsdale has a great selection, enabling you to choose the color and options you desire. Lease specials for the incredible G37 Coupe during this 3 week sale start at just \$373 per month. Lease details are at www.infinitiofscottsdale.com/.

Geisler explained, "You know people I talk to think that the car sales are off because there just isn't money available to loan. And because it has been so heavily reported in the news that some manufacturers have either cut way back on their leasing or stopped leasing altogether, most people think that nobody in the business is leasing. This idea that car sales are off because of tight credit is just plain wrong. The facts are different."

In addition to the extra low lease specials that Infiniti of Scottsdale is featuring, they also have 0% financing on all 2008 Models for those who prefer to purchase and, as another option, as much as \$8,000 in cash back incentives. Geisler said, "For people who are financially capable, there has never been a more advantageous time to buy."
