

Blue Whale Hires New General Manager

By Blue Whale

Dated: Nov 15, 2008

Austin, Texas based Blue Whale has hired Mark Conley to run the company as its new General Manager

Mark runs the show at Blue Whale. A local man with a level of dedication and commitment sure to pull in the prize catch, Mark has been in the business of moving for eighteen years. He was with us in the beginning of our voyage, and now he and all of his experience are with us again. While away, he worked for numerous major van lines, learning all the tricks and various jobs of the trade. He also built his very own moving business from the ground up.

When Mark's not making things move here at Blue Whale, he spends time with his wife Stacy (see below) and his three children. Like most of the sea-worthy staff at Blue Whale, they love to go fishing and to be outdoors. As a managing maverick, Mark is no stranger to the challenges of a chess game or a monumental move. Blue Whale is proud to have Mark aboard for the future!

###

Blue Whale is an Austin based Moving, Storage, Freight and Delivery company providing moving and storage service as well as commercial freight warehousing and delivery services in throughout Texas and the United States.
