

## **DRYPro® looking to expand its International Distribution: South America, Europe, Caribbean!**

*By Brittany Brown DryCorpLLC*

*Dated: Dec 04, 2008*

*DRYPro® by Dry Corp offers waterproof body protection for casts, bandages, wound care, PICC lines, ostomy, prosthetic. [www.DryCorp.com](http://www.DryCorp.com) is the official home of the DRYPro®!*

**DRYPro® Cast Protectors, PICC Protectors, Ostomy Protectors and Prosthetic Protectors** are all made of a durable material with a patented pump providing a water tight vacuum seal with air tight protection that cannot be found in any other product. DRYPro® products are so waterproof; you can completely submerge yourself in water at the beach, in the pool and in the shower or bath. There are many imitators but nothing compares to the DRYPro®!

Our company has been in business for over a decade and we are distributed worldwide. We are very interested in finding international distributors which fit well with our company to distribute our unique products. We are looking for quality distributors who distribute medical equipment and orthopedic supplies. Our products are recommended by top doctors and hospitals in the U.S and are widely recognized as being far superior to anything else on the market. Check out our website [www.drycorp.com](http://www.drycorp.com) to see our distribution and look at our amazing products.

Our products feature; a vacuum-seal pump technology that provides a complete water tight seal with air tight protection that cannot allow water in; - A Durable, high quality surgical rubber perfect for rugged use with a Non-Skid Grid for safety keeping the casts stable, clean and dry reducing the risk of infection & complaints. Dry Corp has Excellent customer service; we'll do everything possible to make it a great experience for your patient. We also offer custom brochures, ad slicks, a free demo sample, tape measures, and more... **contact [Sales@DryCorp.com](mailto:Sales@DryCorp.com)** for more info.

If your company is interested in working with Dry Corp just email me at [brittanyb@drycorp.com](mailto:brittanyb@drycorp.com). I am available to answer any questions you may have about our products.

The DRYPro® is a product of Dry Corp LLC is headquartered at 349 Military Cutoff Road in Wilmington, NC, USA, 28405.

###

Dry Corp manufactures and distributes waterproof body protection for casts, bandages, PICC line, prosthetic and Ostomy. Dry Pro works on a vacuum seal to keep the cast, bandage or Prosthesis completely dry while showering, bathing and even swimming.
