Dated: Dec 06, 2008

The world is becoming high tech with several new gadgets being introduced daily and they need to be publicized to people through proper channels and one such site is greatpinoy.com.

On November 5th 2008, the DigitalFilipino awards ceremony was held to reward the best of the best in Filipino sites for their ability and achievements online. The goal of the Digital Filipino Club is to highlight those websites that successfully use the Internet for business and reward them for their achievement during the past year.

The awards ceremony covered over thirty different categories of websites that ranged from art and beauty to travel and tourism. The websites were recognized for the ability to create a strong web presence and the experience that they provide to customers and visitors to the sites. The sites that were reviewed were nominated by their peers and the public as the best of the best. DigitalFilipino.com promotes the efforts of websites that seek to offer their members and customers an outstanding web experience. In the web industry, a group that rewards those that create a great website helps to keep the web a good place for consumers to conduct their business.

GreatPinoy.com was reviewed for its content, the navigation of the site, the site design, search engine readiness and technical performance, and came out on top of all sites in that category. This gives a great nod of approval from the industry to GreatPinoy.com. When considering all of the sites in this category, having the one on top of the game for functionality and design is good news for us and good news for all members of this site.

GreatPinoy.com is pleased to receive the award and considers it to be a great honor to be recognized for their efforts to create an exceptional experience for their membership. GreatPinoy.com wishes to thank the staff and the folks at DigitalFilipino.com for their recognition and the award. And finally a big thank you to the membership of GreatPinoy.com for their continued support for the site and together we hope the site keeps going from strength to strength.

Great thanks from GreatPinoy for their loyalty and input.
