

MakLink's 2009 Macedonian Calendar Now Available

By MakLink

Dated: Dec 08, 2008

The 2009 calendar's theme is "Macedonian Food"

MakLink.com recently completed its 2009 competition to submit photographs to its annual Macedonian calendar. From October to November, MakLink.com's website and forum members submitted and voted on their favorite Macedonian-food related photographs. The twelve winning photographs were submitted into the prestigious calendar, which were also paired with their respective recipes.

The featured photographs included lamb stew, desserts, kifli, zelnik, and even daily stalwarts such as Tomatoes and Peppers, and stuffed peppers.

The calendar, which garners much press, is a terrific holiday gift each year.

The MakLink 2009 Macedonian Calendar can be found at the following link:
