*Water's Edge Nicaragua Realty expands vacation rental property options for customers.*

Nicaragua's sunny weather, gorgeous beaches, world class surf and friendly locals are plenty reason to visit. As more travelers from around the world choose Nicaragua as their vacation getaway, the crowds still remain a mere fraction of those common in Costa Rica and Mexico. And you will find that Nicaragua offers similar activities and amenities, with a bit more adventure.

Adventures include tree canopy tours, sport fishing, volcano climbing, surfing, mountain biking, sea turtle tours, horse back riding, coffee plantation tours, and a variety of dining options.

Foreign investment in Nicaragua real estate over the past 5 years has resulted in a growing number of vacation homes available for rent. Ocean view villas, beachfront homes and condos, and eco-friendly properties

Water's Edge Nicaragua Realty has expanded its Nicaragua rental options throughout southwestern Nicaragua in order to accommodate this increasing number of visitors. All properties in the Water's Edge rental portfolio meet the company's standards and offer the convenience of advanced reservation.
