Binary University Malaysia Signs Articulation Agreement with Alkhawarizmi International College UAE.

Binary University College of Management & Entrepreneurship Malaysia Signs Articulation Agreement with Al Khawarizmi Int'l College UAE and announces scholarship for the students of Alkhawarizmi International College ,Abu-dhabi and Al-Ain UAE

Dec. 15, 2008 - *PRLog* -- Al Khawarizmi International College, UAE (KIC) announced a partnership that will allow students attending KIC to transfer to Binary University College Malaysia, through a streamlined process. Students who successfully complete two years at the KIC will be allowed to enroll for another two years at Binary University College to become eligible for a bachelor's degree.

The signing ceremony held on Monday, Nov 24, 2008, at the (KIC) Abu Dhabi.

Dr Allen Lim, Dean of Postgraduate School Binary University College and Mr. Naeem Radi CEO of Al Khawarizmi International College UAE, Signed the Agreement.

This ceremony was also attended by senior management and faculty members from KIC.

We welcome our new partnership with Binary University College Malaysia. It opens up an exciting opportunity for our students to continue their higher education and complete a bachelor's degree at one of the premier College at Malaysia," said KIC CEO Mr. Naeem Radi on the occasion.
He also added "It is energizing to work collaboratively with educational partners to provide seamless transfer opportunities for our students. Working together, we can do so much more to help students attain their goals more quickly and to prepare them for tomorrow's job market".

Dr Allen Lim, who was presenting Binary University, said that this agreement is not only created a milestone for the University to increase International educational cooperation in this region but also enhance bilateral ties between Malaysia and United Arab Emirates. Binary University offers doctorate, masters, degrees and diploma programs to more than 37 countries and has sponsored students from United Nations and UNESCO.
This agreement also features scholarships to the students and acceptance of lecturers/staff from the KIC into the Doctorate in Business Administration (DBA).
The benefits of the association will also extend to students of both institutions through enhanced learning resources and scientific, social and sports programs. This agreement will open the doors for professional development of the teaching staff of both institutions and exchange of intellectual expertise.

After the signing ceremony, Dr Allen Lim presented memento to the CEO of KIC Mr. Naeem Radi.

About Binary University College, Malaysia.
Binary University College was established in 1984 as a specialist institution for management and IT education. It has come to be respected as a high quality education provider that is innovative and progressive. The university is registered under the Private Higher Education Act 1996 and offers a unique formula that combines a strong academic foundation and industry relevant skills using the ISP concept.
In its early years, Binary offered twinning degree programmers with universities from the UK and Australia. In 1994, Binary became the first private institution in Malaysia to offer masters degree programmers locally. In 1998, Binary was among the first 10 private institutions (out of 690 colleges) chosen by the Ministry of Education to offer the full overseas degree programmers locally, popularly called the "3+0" in Malaysia.

About Al Khawarizmi International College UAE

Al Khawarizmi International College (KIC) was founded in 1985 with aim of providing Quality Associate Degree Programs at higher education level and Quality Short Courses in Information Technology (IT), Business and English language. KIC is the first College in the country to be licensed from the Ministry of Education in 1985. KIC was one of the first colleges to receive an initial approval from the Ministry of Higher Education & Scientific Research in the UAE in June 2000. The four Associate Degree programs that the College offers are accredited by the Ministry of Higher Education.

The Al Khawarizmi Associate Degree in Computer Studies was the first such program to be offered in the UAE in 1986. It was first offered in association with the Institute of Data Processing Management (IDPM) - London. In 1991 KIC started to offer the program in association with and under full supervision from Liverpool John Moores University - UK. Liverpool JM University is a world-class British state university that is recognized worldwide. All of the College Associate Degree programs are moderated by Liverpool John Moores as well as other reputed universities.

The College training centre utilizes some of the country's best instructors, the latest computer equipment, and the most up-to-date training material and equipment. Al Khawarizmi has provided training to thousands of individuals (more than 40,000) and all major oil companies, financial institutions and government departments. Al Khawarizmi is a Microsoft Gold Certified Solutions Provider, an Oracle Education Partner, an accredited ICDL training & test centre, a Cisco Local Academy, an AutoCAD Authorized Training Centre, Project Management Institute (PMI) authorized training centre, IATA accredited training centre and a master franchisee for Kings School of English - UK. We keep our instructors skills up-to-date by asking them to work closely with the local industry. All the College programs are practical in nature and offer hands on experience.

The College recruitment section was established in 1996. It helps our students, graduates and other professionals find suitable jobs in oil companies, financial institutions, IT companies, and other private and government establishments.
