Fleur creates out of the box florals with a cottage or European slant for weddings and events ~ with romantic coastal designs, and specializing in creating weddings in North County's extreme weather.

Fleur began in 2004, and now in its second studio location is proud to announce the completion of 127 events including 100 weddings, several birthdays and anniversaries, theme parties including tropical, pirates, and James Bond; and even the execution of the owner's own wedding in Creston last fall.

In January of 2008, Fleur ~ Flowers & Pantry moved its downtown retail shop to a private studio location. Fleur continues to create Very Pretty Flowers for weddings, events and everyday, from Big Sur to Santa Barbara, across California, and abroad.
