

A.s.s.i Demonstrates Capabilities Through Video

Episode XI (11) Studios Produces Video For Aerial Surveillance Systems, Inc.

Jan. 6, 2009 - [PRLog](#) -- Full-service video production company, Episode XI Studios, LLC, located in Charlotte, NC was contracted by Aerial Surveillance Systems, Inc. to capture footage of the SkyEye 350 Special Missions aircraft, to be used as a component of a capabilities video. The video demonstrates the Beech King Air 350 before and after installation of surveillance systems.

Aerial Surveillance Systems, Inc. is a Scottsdale, Arizona based, responsive, focused and customer-oriented company, which expertly, rapidly and reliably handle all facets of Airborne I.S.R. and Aerial Surveillance and Reconnaissance Project Development and Completion.

The SkyEye 350 is a unique, highly capable airborne Multi-Role, Multi-Sensor, Special Missions Aerial Surveillance and Reconnaissance Platform (MR/SM-ASP) which has been configured utilizing a low-time, completely refurbished, pre-owned Hawker Beechcraft Corporation (HBC) King Air Model 350 turboprop aircraft with the following value added features:

- Compact L-3 Communications, Sonoma EO Multi-Sensor Gyro-Stabilized Gimbaled Turret-Mount with Modular Design
- Combat-proven Surveillance Capability with Outstanding Image Quality and Standoff Range
- Quad Sensor with Infrared Thermal Imager (FLIR), Color Wide Angle Daylight Camera, Color Daylight Camera with Zoom Spotter Lens (955mm), Eye-Safe Laser Rangefinder
- Exceptional Infrared Optics with 15mm Aperture
- DLTV Spotter with full 90mm Aperture with Plug and Play SmartLink Interface
- L-3 Communications, Sonoma EO Skyball Vibration Isolation and Active Gyro Stabilization with full Day/Night Capabilities Enabling the Detection and Recognition of People, Objects and Vehicles Over Long Distances – 5-10 Nautical Miles and 10,000-15,000 AGL
- Manufactured to Military Specifications for Max Reliability and Low Maintenance Requirements
- Custom Operator Input Device (Control Unit for Mission Control Console)
- Night Vision Compatibility
- Automatic Video Tracking with Digital Output
- High Quality Video Feed for Digital Viewing, Onboard Storage and/or Remote transmission.

As a proud sponsor of Extreme Makeover: Home Edition, Episode XI Studios, LLC believes in going well beyond a camera and a tripod, by using a cinema approach to video production, by using camera cranes and dollies. The end result isn't a video production, but a Hollywood-style production...and all for the small to mid-sized companies.
