*Travelcarhire.com is pleased to announce that it has finished its latest website launch successfully and reached its goal to establish itself as one low cost car hire provider for cheap car rentals on the Spanish market.*

The launch of its new web site [www.travelcarhire.com](http://www.travelcarhire.com) facilitates our users the search for rental cars at Alicante, Barcelona, Valencia or Murcia airport by easy booking process in only four steps. Moreover the clients profit from a comfortable interface and are able to make reservations at budget rates.

Travelcarhire.com presents itself as an intermediary company with an advanced technology platform to become flexible and up to date on the high competitive car hire market specialised in rental cars for a target group that is interested in renting vehicles for holidays in Spain on economy budget.

To describe in detail, TravelCarHire's new web site is offering more than a listing of cars, categorised in economy, family sized, automatic or people carrier groups and the prices corresponding to them. As a travel portal, Travelcarhire.com also informs you about the Spanish cities most famous and exciting sights, e.g. Barcelona, Alicante, Valencia or Murcia and their airports. Useful travel information, latest offers and easy navigation complete the new appearance of the website.

Rent a car suppliers who have agreed in working with Travelcarhire.com allow users to rent their vehicles at very interesting prices because the price reductions give a good return in the increasing number of reservations.

There is only one thing to do for the web site visitor: To select the date and time of car collection and return and TravelCarHire will seek among all car hire partners for the cheapest price available and model for the desired destination for its clients.

About Travelcarhire.com: The first launch of the company's website was in 2004 with a simple interface and destinations focused mainly for Costa Blanca in Spain and its main airports. With its launch in 2008 TravelCarHire is entering in a new phase of its e-commerce business and is confident of prosperous increases in traffic and conversion rate.
