

## North Texas Plastic Surgery is pleased to announce the opening of our new office in Southlake!

*The office is located in the Harris Methodist Southlake building, directly across from the Southlake Town Square.*

**Jan. 7, 2009** - [PRLog](#) -- Dr. Sacha Obaid founded North Texas Plastic Surgery with the goal of serving both the cosmetic and the reconstructive needs of our community. Dr. Obaid studied the art of medicine at Harvard Medical School. He then went on to train in plastic surgery at UT Southwestern, where he met his wife and inspiration, Dr. Deborah Larrison. Following his training at UT Southwestern, Dr. Obaid did a sub-specialty fellowship in Craniofacial Surgery at New York University. Dr. Obaid has now returned to Texas where he has founded North Texas Plastic Surgery.

Dr. Obaid enjoys not only restoring the youth and beauty of his patients, but also helping make whole again those whose appearance has been altered from breast cancer, skin cancer, radiation, or trauma. Dr. Obaid has for years felt a calling to help the youth of our community who are afflicted with congenital anomalies of the face. North Texas Plastic Surgery has made a commitment to help children both here and abroad who suffer from cleft lip, cleft palate and other rare facial defects regardless of their ability to pay.

Our goal at North Texas Plastic Surgery is to create a unique and relaxing environment. We know how intimidating a surgical consultation can be. That is why we want every patient who comes to our office to feel at home. Whether someone comes for an aesthetic consultation or for breast or facial reconstruction, they will be greeted by our friendly staff, Tiffany and Sandra, who will make sure that their visit is a pleasant one.

On behalf of all of us at North Texas Plastic Surgery, we thank you for welcoming us into your community and we look forward to working together in the future. Please visit our website at [www.northtexasplasticsurgery.com](http://www.northtexasplasticsurgery.com) or better yet stop by for a personal visit.

###

North Texas Plastic Surgery was founded by Dr. Sacha Obaid, a Harvard Medical School educated Board Certified plastic surgeon who specializes in the art of rhinoplasty, facial rejuvenation, breast augmentation, tummy tuck, and liposuction.
