GoHoster.com enables Google AdSense for Content.

Internet startup GoHoster.com the free webpage creation tool, today announced it has enabled Google AdSense for content to it's publishing community. Google AdSense subscribers can now earn more money by creating and publishing useful, attractive web pages with GoHoster.com.

"Allowing Internet users to create and publish web content is the vision of GoHoster.com" said Brian Fowler founder and CEO. "Adding the ability for members to monetize their creation is a significant evolution of the vision" continued Mr. Fowler.

GoHoster is a simple tool that makes it easy to create web pages for every internaut out there, both uninitiated and knowledgeable. The system entails no technical proficiency, and is completely web based.

Google AdSense matches ads to a web page's content and audience, and depending on the type of ad, publishers can earn money from clicks or impressions.

GoHoster is still in an early testing phase. If you're interested in taking it for a test drive, visit <http://www.gohoster.com> and create an account and start building your GoHoster pages today.
