

Fun Interactive Web Site Promotion

By Chalk-It-Out.com

Dated: Jan 13, 2009

Draw something cool and creative on our interactive online chalk board and we'll link back to you.

Hey,

We've put up an interactive chalk board on our website. Draw us something cool, fill out some optional details, and submit it for a chance to be featured in our gallery. If we like your website we'll contact you to do a spotlight on your blog/site/company.

All the artwork submitted, including those that don't make the cut for the main gallery, will be featured on my blog with a link back to your site.

Here are the links you'll need to check it out:

Draw us something: <http://www.chalk-it-out.com/#/Draw/>

The main gallery: <http://www.chalk-it-out.com/#/Draw/Gallery/>

The runner up gallery: <http://fightskillz.com/chalkboard-gallery/>

You can submit as many chalk boards as you like, the sooner you submit the more people are gonna see it.

More info:

The web site is built with Adobe Flex

###

Chalk It Out [chalk-it-out.com] is a software development and consulting company. We build web, desktop, and rich internet applications, and offer a range of other services like brand creation and design, social media marketing, and more.
