Tutor Doctor, a provider of one-on-one supplementary education programs has been added to Franchise Solutions' client list.

Franchise Solutions, a leading franchise and business buying information website, announced today that Tutor Doctor, a provider of customized one-on-one tutoring programs, has joined its client roster. Tutor Doctor (http://www.franchisesolutions.com/franchise/Tutor_Doctor.cfm) specializes in supplemental education programs for numerous subjects including math, science, English, algebra, calculus, chemistry, physics and biology. The customized programs are designed to meet the needs of students in all grades and throughout the collegiate level.

The Tutor Doctor franchise concept provides prospective business owners with the opportunity to join the billion dollar, one-on-one tutoring industry (http://www.franchisesolutions.com/childcare_education_franchises.cfm). Over the past three years, consumer spending on tutoring services has increased seven to 10% each year. Currently more than two million children throughout North America receive private tutoring annually and that number is expected to increase. Rigorous curriculums and the competitive college admission process are leading more parents to seek out programs that give their children an edge.

Would-be Tutor Doctor franchisees don't need to have a sales or education background in order to successfully implement the company's proven business model. However, a willingness to learn the Tutor Doctor system and a desire to make a difference in the lives of children is a prerequisite. Tutor Doctor franchise owners utilize a network of virtual tutors that assist them in operating a professional, home-based tutoring business. This home-based and on-site business model eliminates the high overhead costs typically associated with brick and mortar businesses, and boosts franchise owners profit margins.

In addition to the numerous professional advantages that Tutor Doctor franchisees enjoy, owners also benefit from operating a personally rewarding business. The much-needed services that Tutor Doctor franchisees provide, enrich the lives of children in their communities. Unlike other tutoring services that feature a four to one student-to-teacher ratio, Tutor Doctor provides personalized, one-on-one attention that helps students get results. This approach, based on the company's motto: "Work smarter, become smarter!" boosts students' confidence and helps them make educational gains.

More information regarding Tutor Doctor, as well as hundreds of additional franchise and business opportunities can be found on Franchise Solutions' website (http://www.franchisesolutions.com/franchise_directory.cfm). The website also features the latest business ownership news, articles about franchising, tools to connect with companies of interest, as well as resources which a prospective business owner may need. Additionally and most importantly, Franchise Solutions enables future entrepreneurs to explore the over 90 industries which offer franchises and business opportunities for sale without any pressure to purchase a business.
