

L-3 Electro-Optical Systems Awarded \$48.9 Million Contract

L-3 Electro-Optical Systems (EOS) was awarded a \$48.9 million five-year, firm-fixed-price contract for its Submersible Binocular Night Vision Systems (SBNVS) by the U.S. Naval Surface Warfare Center.

Jan. 16, 2009 - [PRLog](#) -- GARLAND, Texas-- L-3 Electro-Optical Systems (EOS) was awarded a \$48.9 million five-year, firm-fixed-price contract for its Submersible Binocular Night Vision Systems (SBNVS) by the U.S. Naval Surface Warfare Center. The SBNVS will be used by U.S. Navy personnel to provide night vision capability.

"We are extremely pleased to continue our longstanding relationship with the NSWC-Crane by providing our warfighters with the best night vision equipment available. This award underscores our ability to provide that equipment," said Gregg Bell, president of L-3 EOS.

L-3 EOS designed the patented SBNVS Generation III night vision binocular, which features a twin-tube design that provides comparable performance to aviation systems and better depth perception than single-tube systems provide. The military designation for the L-3 EOS SBNVS system is AN/PVS-15; the L-3 EOS commercial designation is M953.

Since 1998, L-3 EOS has delivered more than 7,000 night vision binocular systems to the U.S. military.

About L-3 EOS

L-3 Electro-Optical Systems (EOS) is a leading supplier of Electro Optical and Applied Optics technologies that utilizes the latest in night vision and electro-optic technologies. EOS' products encompass multiple applications and environments which demand the most advanced and reliable image intensified systems available. With over 40 years of experience, EOS offers superior night vision products, including monoculars, binoculars, weapon sights, driver viewers, infrared modules and image intensifiers. L-3 EOS is a leader in developing cutting-edge Gen III and Next-Gen night vision weapon sights and goggle systems for discriminating governments, soldiers, police units and others that demand the finest night vision available. Night vision systems available from L-3 EOS include AN/PVS-14A (M914A), AN/PVS-15 (M953), AN/AVS-9 (M949), AN/PVS-17 (M955/M957), AN/PVS-24 CNVD (M2124/M2124-LR), M22/M24 binoculars and other products. To learn more, contact L-3 EOS at (866) 483-9972 or email eos.sales@L-3com.com.

Headquartered in New York City, L-3 Communications employs over 64,000 people worldwide and is a prime contractor in aircraft modernization and maintenance, C3ISR (Command, Control, Communications, Intelligence, Surveillance and Reconnaissance) systems and government services. L-3 is also a leading provider of high technology products, subsystems and systems. The company reported 2007 sales of \$14 billion.
