

Powershape : Immediate Body Reshaping And Contouring 2cms -4cms Reduction In 30mins

Combined radio frequency , lipolaser and vacuum pressure work on immediate fat reduction givin unbelievable results

Jan. 24, 2009 - [PRLog](#) -- POWERSHAPE is using Radio Frequency , Lipolaser and Vacuum pressure as a first kind of combination to combat fat and give immediate results .

As seen on <http://www.power-shape.com>

and http://www.youtube.com/watch?v=68-_h2Y8QpA

It can be seen that powershape is working wonders in fat reduction , cellulite reduction and even stretch marks.

The three energies are working as follows:

Radio Frequency

a). TIGHTEN COLLAGEN FIBRES AT MICROSCOPIC LEVEL (SEE PICTUE1) , THIS TIGHTENS THE SKIN AND IMPROVES ITS TEXTURE AND TENSION.

b). ENHANCES COLLAGEN FIBRE FORMATION(SEEN PICTURE 2) BY WOUND HEALING WHICH IN TURN STIMULATES THE METABOLISM OF THE BODY AND PROVES EFFECTIVE ON CELLULITE.

LIPOLASER

LipoLaser (Low level lasers) containing laser diodes that emit specific wavelengths of light designed to target fat cells (635 to 650 nm) are placed on the patient's skin for 10 minutes per treatment area

Laser energy safely and painlessly penetrates several millimeters into the subcutaneous adipose or fat tissue layer. Low level laser technology has been studied and used for over 30 years for many biomedical purposes including wound healing, pain relief and inflammation.

Vacuum Pressure

VACUUM WITH NEGATIVE AND POSITIVE PRESSURE WORKS IN THREE MODES:

a). CONTINUOUS GRAB : THIS PROMOTES CELLULITE AND FAT REDUCTION BY CONTINUOUSLY GRAB SKIN FOLD

b). POWERFUL ROLLING EFFECT : STIMULATES LYMPH AND BLOOD CIRCULATION WHICH PROMOTES BLOOD CIRCULATION , REDUCES OEDEMA AND RELIEVES NERVOUS SYSTEM

c). VARIABLE PULSE : HELPS IN FASCIAS MASSAGE WHICH LEADS TO RELAXATION OF

MUSCLES AND PROVEN BENEFICIAL IN PAIN RELIEF.

thus all three work together and give definite results in 99 percent of the patients .
Powershape is also working as excellent combination with other systems .

It has Automated roller systems , so very comfortable for patients .
Two hand pieces ensure that every area can be done with ease.

Powershape is directly much more advanced than normal endermologie or lpg systems in the market and even more cost effective giving immediate long lasting results.
