

Free New Online Continuing Education Courses for Dentists, Dental Hygienists and Dental Assistants

Continuing education for dental professionals need not be expensive, time consuming, nor take your staff out of the office. New online training through safetyDRs offers you the solution to stay updated and obtain ADA CERP approved CE credit.

Feb. 8, 2009 - [PRLog](#) -- safetyDRs a leading healthcare safety compliance (OSHA, HIPAA) company announces new online continuing education courses for dental professionals administered by the Academy of Dental Learning, an ADA CERP Recognized Provider. All courses are free and if CE credits are desired, a small fee is required. A certificate of completion may be downloaded online.

These online courses offer busy dentists and other dental professionals the opportunity to stay current in their practice and obtain required CE Credits.

Featured courses include:

- OSHA/Bloodborne Pathogens Standard - Required Annual Review for Dental Office
- OSHA: Hazard Communication Standard
- Medical Emergencies in the Dental Office

Whether you have 2 or 200 employees, a number of regulatory standards and guidelines apply to dental offices. SafetyDRs makes compliance easy and provides all the necessary services and training to comply with OSHA Standards (e.g. Bloodborne Pathogens, Hazard Communication), HIPAA and all other applicable Federal, State and Local Agency safety requirements.

SafetyDRs (<http://www.safetydrs.com>) provide a comprehensive and cost-effective solution of becoming your partner in maintaining safety and risk management in your facility. In addition to the online continuing education courses, safetyDRs offers on-site safety surveys and assistance with ensuring your facility is in complete regulatory compliance and on-site training for your staff including continuing education credit and 24/7 telephone support.

The complete catalog of continuing education courses may be viewed at:
