GreenJobScene.com announces the launch of their green jobs board

GreenJobScene.com is pleased to announce the launch of their niche job board focusing on sustainable energy jobs and other eco-friendly jobs. There will be millions of new jobs created in the green collar industry and GreenJobScene.com is very well positioned to participate in that growth. GreenJobScene.com is already recognized as one of the leading “green search firms” and now will be expanding their presence online. Job postings are set at a reasonable \$99 a posting which is a fraction of the cost of more general job boards. “This is a very exciting time for our us and it felt like the right time to take this next step in the evolution of our company,” stated Daniel Keller, CEO and founder of GreenJobScene.com. “With the addition of the job board, candidates will have greater access to the best green jobs and employers will be able to tap into our audience of targeted job seekers.” Daniel added. GreenJobScene.com has raised private capital and is well funded to rise to the top. They have also added to their staff making several executive hires and strengthening their sales and marketing team. For more information, visit <http://greenjobscene.com> or email Daniel@greenjobscene.com.
