Sweatbands vs t shirts

Alright, your at your show promoting your stuff at your merch table, you have your t shirts priced at \$15-\$20 and your sweatbands priced at \$10. When someone buys your t shirt they are not going to put it on right there, but when someone buys your sweatband they are. This is a huge difference, because now that person is your bands walking model, and everyone is buying sweatbands at the show! Also, the cost is a lot cheaper when it comes to buying sweatbands and the profit is a lot more. Take it from a company who has sold a lot of sweatbands at warped tour, we know our stuff.

Sweatbands to promote your band

So yeah, you can sell your sweatbands, but you can also give them out with your website or myspace on them. This is how some of our biggest clients become well known in their areas. They'll play a huge show and throw out 100 sweatbands with a cool logo and a website on the back. Not only does the person who received the sweatbands wear it out, they also have direct access to your myspace, which is HUGE! Now they can view your photos, videos, and your up coming shows (which they'll bring there friends to!).

Selling sweatbands with your bands logo

Well, when you order 100 sweatbands you are making 60% profit if you sell them for \$10 (which is recommended) That means \$6 off every wrist sweatband, aka \$600 total profit. When you buy 1000 you will be making an 80% profit which will get you a total of \$8,000.

So, how much are you paying for t shirts again? And, how much are you selling them for?

The best part about sweatbands

The best part is you don't have to worry about how the sweatband will fit! One size fits all, no more awkward fitting t shirts. Just slip that baby on and boom your good to go.

SerTop is a professional company. We specialize in sweatbands for your wrist, arm, and head. Before you even order the product you will know exactly how it will look, unlike other company's which have you in cold sweats until the product arrives. SerTop sweatbands is the best choice when it comes to custom band merch.
