Gotügo was proud to donate its time and services to the American Cancer Society to aid in their fight against cancer. The "Relay for Life" events took place all around Anne Arundel County, Maryland throughout the months of May and June 2008. Gotügo contributed their Two-way Sinks and Handicap Units along with their "signature green" Standard Portable Restroom Units to various "Relay for Life" events all around Anne Arundel County. "Relay" is an overnight event to stress the fact that cancer never sleeps so for one night neither did the participants! The Relay For Life of West Anne Arundel County event had over 425 participants and raised close to \$60,000. The 2008 Relay For Life of Southern Anne Arundel County event raised more than \$165,000 with over 650 participants! This is one of many cancer fundraising events that gotügo has participated in the year 2008.
