Dated: Feb 24, 2009

Ephricon Web Marketing, a leading internet marketing agency based in Baltimore, has recently opened an office in the Charlotte, NC metro area.

Charlotte, NC -- Ephricon Web Marketing recently announced the opening of the firm's new office in Fort Mill, SC, just a few minutes south of Charlotte, NC. The firm's new location will primarily serve as an operations center, as Ephricon plans to continue focusing its client load in the Baltimore / Washington DC metro region.

"We're a Baltimore firm, and I don't see that changing anytime soon. Two-thirds of our team is in Baltimore, and three-quarters of our clients are within 50 miles of the Baltimore/Washington corridor," said Jon Payne, principal of Ephricon Web Marketing.

"This new location is mainly to accommodate our Charlotte-area staff. We may take on a client or two in the area, but positioning ourselves as a Charlotte SEO firm is not our main objective here. We're a Baltimore SEO firm," continued Payne.

Ephricon's service offers will remain the same. The firm provides comprehensive internet marketing and online lead generation services primarily to professional service firms. Specific services include organic search engine optimization (SEO), pay-per-click management (PPC) and website conversion optimization.
