2x2 Prosperity Formula is launching a revolutionary new program across the globe that generates up to \$1,000+ a day in income while virtually running on autopilot. Almost 14,000 entrepreneurs have pre-enrolled, entirely free of charge, since February 3, 2009. However, the pre-enrollment is about to end as the massive global launch is set to begin. The talented designer behind the 2x2 Prosperity Formula is one of the largest internet marketers on the web today.

Savvy entrepreneurs are pre-registering in order to obtain the "First Movers Advantage," which entitles them to launch updates and an opportunity to pre-build their list. After the program goes "live," those who pre-registered will be able to review the incredible marketing system and compensation plan in place before having to decide if they want to join.

The pre-registration period, which is in its final days, can be completed in three quick and easy steps. The first step is to visit this site (<http://www.myprebuilder.com/index.php?sponsor=8467>), where you will find the form to pre-register (no credit card required). Billed as one of the most lucrative online compensation plans to be released in 2009, 2x2 Prosperity Formula can serve as a "Top-Tier" primary income program or simply as an additional income stream. Either way, it's simple, free and creates incomes like the "Rich and Famous!"

For more information or to pre-enroll, visit <http://www.myprebuilder.com/index.php?sponsor=8467> and fill out the form.

About 2x2 Prosperity Formula
