

Kirloskar Diesel Generator Sets 15 to 750 KVA

We offer diesel generating sets, which are available in 15 KVA to 750 KVA in silent / non silent mode, single phase / three phases. These are robust in designs and construction and are manufactured ensuring low operational cost and noise level.

March 24, 2009 - [PRLog](#) -- TECHNICAL SPECIFICATION:

A. DIESEL ENGINE :

15 to 750 KVA Silent DG Set comprising of Kirloskar Oil Engines Make Diesel Engine , model acc. To size , 2 to 12 Cylinder developing 17 to 800 BHP AT 1500 RPM, Water/Air Cooled, vertical totally enclosed, electric start, compression ignition, 4 Stroke, designed to run continuously at 1500 RPM conforming to IS-10002, ISO-3046, BS-5514, DIN-6271 Standard complete with :-

- ? Radiator Cooling
- ? Radiator fan with guard
- ? Flywheel with starter ring
- ? Dry type air cleaner
- ? Vacuum Indicator
- ? Mechanical Governor
- ? Exhaust Silencer
- ? Exhaust Gas driven Turbocharger (only in TC engines)
- ? Fuel filter
- ? Inline fuel pump
- ? Water Pump
- ? Lub Oil Filter
- ? Lub Oil Pump
- ? 12 V electric start system complete with starter, battery charging alternator
- ? Engine control panel consisting of starting key switch, lub oil pressure gauge, ammeter
- ? Safety shut down system for Low Lube oil pressure & High coolant temperature
- ? Engine maintenance manual with spare parts list.
- ? Oil change period every 400 hrs. instead of 250 hrs. (with K-oil)
- ? Meets European COM & US Tier emission norms.

B. ALTERNATOR :

Alternator KIRLOSKAR GREEN Make at our option rated for 15 to 750 KVA, Self excited, self regulated, three phase, 50 c/s 1500 RPM, screen protected, drip proof conforming to IS-4722/BS-2613 of Kirloskar Green make.

C. CONTROL PANEL :

The Panel will be equipped as follows :-

- Miniature circuit breaker/Isolator of suitable rating

- One ammeter with selector switch
- One voltmeter with selector switch
- Instrument fuses
- Pilot lamps for 'Load On' and "Set Running"
- Incoming & outgoing terminals.

D. ACCESSORIES:

- * One no base frame of sturdy design
- * One no fuel tank.
- * Battery leads.

###

Envirotech Gensets Pvt. Ltd. is a foremost diesel generator sets manufacturer, based in India. The one-stop-shop for wide assortment of acoustic anechoic chamber, sound test chamber, DG sets etc., is named as Envirotech Gensets Pvt. Ltd. Our wide ranges of industrial products are considered as the perfect example of modern engineering because they all work faultless with consumption of least amount of fuel. And they all produce zero level of noise pollution.

Envirotech Gensets Pvt. Ltd. – an ISO: 9001-2008 certified company was incorporated in the year 1997. We have an experience of more than a decade in the manufacturing and exporting of all sorts of industrial products., the CEO of Envirotech Gensets Pvt. Ltd., has abundant experience in the manufacturing as well as exporting of different types of DG sets. Presently, we are dealing with the market of some of the international countries including African countries, Gulf countries, Middle East, Singapore, Asian countries etc.
