Bluegrass Sotheby's International Realty ® has selected Interactive Web Solutions to design and develop their new Broker Real Estate Enterprise CMS website. The Enterprise Content/Listing Management System website will feature a robust and feature rich website management modules. From the ability to easily manage their website content and dynamically generated agent profiles to full dynamic RETS integration of their website, Bluegrass Sotheby's International Realty will have the ability to extensively market their clients real estate listing easily and efficiently. Furthermore, the IWS ecommerce platform is search engine friendly and can be optimized to ensure high placements in search engine ranking.

Bluegrass Sotheby's International Realty ® new website is <http://www.bgsir.com>. Our outstanding team of real estate professionals at Bluegrass Sotheby's International Realty ® has spent many years in the Central Kentucky area establishing and refining their reputations while always delivering the highest quality real estate experience to their clients.

Combining the over 300 years experience of this team with the unparalleled reputation of the Sotheby's International Realty ® brand , provides our clients with a full range of truly unique advantages. The Bluegrass Sotheby's International Realty office is located in the charming Chevy Chase/Ashland Park area at the crossroads to downtown Lexington and in the heart of the equine capital of the world.

Interactive Web Solutions IWS (<http://www.iwswebsolutions.com>) has a full-suite of website and ecommerce web applications to enable your website to be highly productive and easy to manage. Our IWS Real Estate Enterprise Content Management web application software is a robust, scalable, and highly customizable platform utilizing the best of the breed development process to enable you to empower your business. Interactive Web Solutions is a full service web agency that provide website and ecommerce design and development solutions.
