

FCPOA Navy T-Shirts at Vision-Strike-Wear.Com

By Zoon T-Shirts

Dated: Apr 05, 2009

First Class Chief Petty Officer's T-Shirt Custom design can be found at Vision-Strike-wear.Com

The USS Wasp contacted them on a Thursday, approved the artwork Friday, the next day, they printed their t-shirts on Saturday and on Monday they are shipping for delivery on Wednesday. They do this for the troops and when they can deliver like this they will!

FCPOA. Weapons Department, MWR, and a large list of other Navy related t-shirts are created and printed at Vision-Strike-wear.Com. The troops come to Vision-Strike-Wear.Com because they get the finest in artwork for their custom unit t-shirts and apparel. These designs are not cut and paste like so many out there at so many other companies. These are originally created and when you see them you know why they stand apart.

Sure, you could get a text shirt from the other t-shirt companies out there or a simple black and white, but if you are looking for special and want to make a statement give these guys a call. Their website can be found at <http://www.vision-strike-wear.com> and what you see there will make a lasting impression.

It's about the troops getting the best art and service. Period!
