Houston Lace Eyebrows & Lashes Opens in Houston, TX

Houston Lace Eyebrows & Lashes is committed to helping those experiencing hair loss due to cancer, chemotherapy, alopecia, burns, lupus and other medical conditions and treatments. Our goal is to provide products that are comfortable, high quality and affordable. Our product line is based on the needs and requests of our customers.

Houston, Texas (March 2, 2009). Based out of Houston, TX, Houston Lace Eyebrows & Lashes is a minority-owned, retail and online hair loss boutique. Houston Lace Eyebrows & Lashes was officially launched on March 2, 2009. The Grand Opening party is scheduled Saturday, July 11, 2009. The store is managed by a highly motivated, MBA professional African-American woman, with a sincere desire to help women, men and children with alternative hair loss solutions.

Houston Lace Eyebrows & Lashes primary focus is to provide products that are comfortable, high quality and affordable. Terry Tribble says that “Appearances are important, so we work with all of our clients to select products that best suits their physical features and lifestyle. I believe in the products my organization carries. I use and wear them continually to provide a visual statement of my confidence in the products.”

According to Terry, some clients wear Semi-Permanent Eyebrows, Lace Wigs or sleep caps because they are suffering with Alopecia or have underwent Chemo treatment in the past. Quoting Terry “Our clients range from children to professional men and women, including those who simply want a natural looking hairstyle alternative. At Houston Lace Eyebrows & Lashes we focus on the client’s needs and are passionate about obtaining the best solution for each and every person that chooses us. It is a privilege to be the choice they make when there are so many other options.”

Houston Lace Eyebrows & Lashes offers the following services:

We have special Paramedical Solutions for Breast Surgery Recovery for women who have undergone mastectomies, other breast surgery, or who may have irregular or fading areolas, these permanent paramedical breast restoration procedures are nothing short of a medical miracle.

French Lace Eyebrows: For anyone who wants to cover their thin, sparse, or over plucked eyebrows.

Hand-tied Eyelashes: Many individuals who experience hair loss will lose their eyelashes. Use our premium quality 100% human hair hand- tied lashes to create the most natural look possible. These fine designer quality false eyelashes are exclusive to our company.

Semi-Permanent Eyebrow Tattoos: Natural Semi-Permanent Eyebrow tattoos are ideal for people with no eyebrow hair or with little eyebrow hair. They are made with safe FDA approved non-toxic vegetable dyes

and won't damage new eyebrow hair growth.

Full Lace and Lace Front Non-Surgical Hair Replacement Systems: Lace Hair Replacement systems are handmade and designed for extended undetectable wear. Unlike regular wigs, these systems offer seamless blending at the front or along the entire perimeter of the head. The lace is a tinted transparent material that blends into the hairline for an undetectable finish. Lace Hair Replacement systems can be worn and styled like natural hair. Seamless edges and natural parting allows the system to be worn in any style including up do's and ponytail styles.

Are you ready to discover a variety of alternative hair loss solutions? Contact Houston Lace Eyebrows & Lashes today!
