SimplyAstro.com expert talks about the most talked Mayan Calendar and the association to end of human life cycle by 21st December, 2012.

SimplyAstro.com one of the leading astrology site, very well known for its Astrology, Horoscope and Birth charts, throws light on the prediction related to end of human life cycle by 21st December, 2012 (also known as Mayan calendar). SimplyAstro.com experts highlights that the prediction of Mayan's were extremely detailed as they kept very detailed astronomical records and they followed the cycles of the planets and stars as they travel around in their orbits. Mayan Civilization existed in the 10th millennium BC.

Speaking in more detail about the Mayan calendar the experts say - Mayan people used more than one calendar - not just to keep track of dates but also to lead a life in harmony with the Creation. And it has been found by researchers of the world that their most important calendar called Tzolkin (which started as far back as 2114 BC (4000 years ago) suddenly comes to an end on 21st Dec 2012. A global cataclysm is one possibility being spoken.

It is only recently that Meso-American Astrologers, Anthropologists and experts in cuneiform script have been able to reveal the secrets contained in the Mayan literature, most important of them are the Mayan Calendars. There are two calendars that are of interest, one is called the Tzolkin - which was used to forecast the day spiritually, and the Long Count - that was used to measure period over a span of thousands of years. The Tzolkin consists of 260 days divided into 20 Zodiac Signs (as against our 12 zodiac signs) and 13 Galactic Energies or Tones from the Sun. The 20 Zodiac Signs have a symbol but the Galactic Tones are simply referred by a number 1 to 13.

We are currently in the 4th cycle recorded by the Mayan. It started in 3114B.C. and lasts for 5126 years until 2012. With the end of the 4th cycle comes, the beginning of the 5th cycle. The Mayan's believed that in the 5th cycle the ancient wisdom of the Maya will be rediscovered by the world and it will be a new dawn for mankind. Of all the dates put forth by prophets and cultures for a doomsday, this is one with an authentic almost supernatural feel to it.
