April 18, 2009 - [PRLog](#) -- When it comes to providing complete undercarriage solutions for cart and trailers, WINDSOR is the preferred name world over for our quality products such as automotive spare parts. Our sustained endeavor to become a low cost manufacturer and courtesy our work principles of quality, cost and delivery (QCD). We have been dealing in OFF ROAD VEHICLE'S spare parts like axles, hub, rims and tyres, automotive spare parts and braked axles since years and have succeeded in reaching a broader international market in these years.

WINDSOR EXPORTS is part of EASTMAN GROUP, founded in early 1996 with the desire to make available world class auto components and agriculture machines that are produced in India. Our target, though difficult, was clearly defined. For any requirement from abroad our target is to achieve the best quality, finish and packaging standard of the best brand available in that particular market. We have a reputed name in Foreign Markets for our auto components, agricultural machines and their spare parts, we have been supplying axles and hubs for more than last 11 years, In past 10 years, we have achieved our first goal of being rated as 2 Star Export house and with a Vision of achieving 5 Star by 2015.

The axle, we supply is custom designed to meet each customer's requirement. As the whole axle assembly is capable to transport heavy loads over long distances, without any breakdown, highly suitable for cart to cover short distances and for crowded areas where commercial vehicles can not enter with comfort, "does not leave the master stranded on the road side".

Today, under the creative instincts, aggressive marketing techniques, visionary approach and ambitious nature of our director, we have made rapid strides in exports and have acquired a respectable status. A team of young and dynamic professionals overseas our operations and continues to innovate in way that best
