*With over a decade in experience, local Sheffield flower retailer Katie Peckett has recently launched a new selection of flowers and bouquets for delivery in the Sheffield area.*

With many industries struggling, one market will always continue to flourish- flowers and florists. Katie Peckett in Sheffield, the award winning florist, has seen steady growth over the last few years due to an increased online demand.

The competition for online flowers is greater than ever, and Katie Peckett Flowers has launched a new local selection of Sheffield flowers to offer a great quality but great value choice (see the selection online: [http://www.katiepeckett.com/sheffield\\_flowers.html](http://www.katiepeckett.com/sheffield_flowers.html)). General manager, Andy Peckett feels the discerning customer needs choice: "We have always had a great core of local custom, but we will never be a company who expect the next order to come in. The Sheffield public have a right to quality and value, and we have reflected this need in our new discounted range of flowers and bouquets".

He went on to add: "It would be silly for us to try to compete with the national retailers of average boxed arrangements- that's not what we stand for. We want to provide a service that stands out- Sheffield flowers that make people smile and want to come back for more".

Katie Peckett flowers has three branches in Sheffield and are renowned for Wedding Flowers in Sheffield, Funeral Flowers in Sheffield and their online selection of Sheffield Flowers. See the range online: <http://www.katiepeckett.com/>
