A Memory Quilt is a unique opportunity to transform used clothing, textiles and personal items into a soft, useable work of art and a cherished keepsake that will foster pleasant memories for years to come.

Grieving the loss of someone dear to you? A Memory Quilt is a meaningful and functional way to commemorate your loss. Cloth holds memories. It is difficult to discard. A Memory Quilt is a unique opportunity to transform used clothing, textiles and personal items into a soft, useable work of art and a cherished keepsake that will foster pleasant memories for years to come. In addition to memorializing a loss, a Memory Quilt can be made that honors a person, an event, or an achievement.

Using her wealth of experience quilt artist Louise Silk skillfully transforms the clothing and textiles of your choice into a unique memory quilt that becomes a visual history. She creatively transforms t-shirts, clothing, ties, and wedding dresses, into lap or bed quilts, or wall hangings, pillows, shawls, or baby quilts. Prices for a 50-inch square quilt start at \$275.00. Each piece is totally unique and handcrafted specifically to your needs.
