MyCookbook has reached over 13,000 member-added recipes in the Public Cookbook. Thousands of loyal MyCookbook members have added some of their favorite recipes for the world to enjoy. The MyCookbook Public Cookbook allows members and non-members to access fantastic, member-added recipes and quickly add to their own personal cookbook or share with friends.

For over 10 years, MyCookbook, found at <http://mycookbook.com>, has allowed members to store their favorite recipes in their own personal cookbook, but also enables members to share recipes with others or open them up to the world in the Public Cookbook. MyCookbook is a free online recipe software service for basic membership and recipe organization. More advanced options are available to allow members storage of up to 500 recipes. Family memberships and custom memberships are also available.

You can find MyCookbook connecting with members and non-members via social media by updating regularly on Twitter. You can follow MyCookbook on Twitter at <http://twitter.com/mycookbook>

MyCookbook, established in 1998, is a premier online cookbook and free recipe software solution. Sharing and organizing your favorite recipes has never been easier. For more information email info@mycookbook.com
