The latest project that is set to transform the centre of Taunton has been officially topped out.

Built by Gadd Homes the new mixed-use development, which is called Aspect, is located on Corporation Street in the heart of Taunton and will comprise 36 studio apartments, 14 one-bedroom apartments and four commercial units when complete.

Attracted by the contemporary design, nearly 50% of the properties have already been snapped up by those eager to buy their first property or investors looking for a property that will provide a good return. Over half of the commercial units have also been leased by businesses keen to get in early and start trading when the development is finished.

Expected to be completed in the summer, Aspect is a short walk from the town's shops, bars and restaurants and is ideal for those with busy lifestyles wanting a central Taunton location.

Vanessa Kilmister, Gadd sales manager said: "We're delighted to have reached the topping out stage of the project. At a time when many developers are putting on hold many of their developments, Gadd continues to deliver.

"The level of interest in the development is testimony to our ability to build projects that appeal to the discerning house hunter and we're delighted so many people have already reserved. It is also good to see businesses take up the opportunity to locate in an excellent position.

"Our advice for anyone thinking about buying is to get in touch soon, as with interest remaining high, we're expecting more properties to be sold over the coming weeks."

Prices at Aspect start at £79,950. For further information please call T: (UK) +441823 322 022 or visit <http://www.gaddhomes.co.uk>

###

Gadd homes was established as a family concern in 1983. Since then it has built up a dedicated team of specialists in every aspect of house building. So successful has it been that Gadd homes is one of the relatively few developers to have been credited with Chartered Building Company Status. In recent years its achievements have been recognised with the coveted Daily Express "House Builder of the year" award as well as the "NHBC Pride In The Job" award.
