By DPS Ltd.

Dated: May 01, 2009

From weddings, anniversaries and engagements to birthdays, baptisms and Bar Mitzvahs, for any occasion you can think of, Printfetti is the confetti for you.

We've all become familiar with table confetti, so what makes printfetti the one to choose?

- It's unique
- It's personal
- It's fun
- It comes in a variety of shapes

What makes it unique? It's unique because it's your photo on confetti; not just on one side but on both.

Why is it personal? Because it's your choice. You upload your choice of photo and you select the area that you wish to go on the confetti.

Why is it fun? How often does your picture, or that of your friends and family, appear on confetti?

Different shapes? Yes, we can offer you the choice of 4 different shapes: circles, hearts, diamonds and stars, each shape measuring 25mm

Printfetti is the table decoration for every celebration.

From weddings, anniversaries and engagements to birthdays, baptisms and Bar Mitzvahs, for any occasion you can think of, Printfetti is the confetti for you.
