The stock market is already presenting us with an interesting variety of promising hot stocks in 2009.

New technology stocks, small cap & micro cap stocks, internet stocks, biotech and pharmaceutical stocks, telecom stocks, energy stocks, You name it.

Some of these stocks will inevitably become excellent short term day trading opportunities, no matter if the market is up or down.

Certain stocks can double in price or move up even higher within the same week, while others are rising 10% or 40% within a single trading session.

So ...

How do You Pick these stocks right when they are poised to make big gains on the same day?

How do You trade these stocks before their dramatic move ends? ...

Our methodology is precisely about picking and approaching momentum stocks with extraordinary potential every day.

You don't have to trade hot stocks all the time. But you can learn how to be prepared and take advantage of them when a good trading opportunity Shows Up Right in Front of You.
