

PT Education - India's Leading MBA Preparation Institute , Now in Jalandhar

By PT Education, Jalandhar

Dated: May 03, 2009

PT Education Jalandhar was inaugurated by Mr. Charanjit Singh Channi, Chairman, CT Group of Institutions. PT Education will provide services in the fields of MBA entrance , Campus Placement assistance, and personality development.

After being incredibly successful in over 85 centers all over India, PT education is now launching its new center in Jalandhar. Students from Jalandhar have been achieving success in various examinations and have brought academic accolades in abundance. It is not the mental prowess of students that poses a problem; it is a lack of training institutes that emerges a major impediment in their race for success. This will not be for long. To cater to this need, Mr. Deepak Chawla, Ms. Deepti Shivach and Mr. Arvind Rana decided to launch this PT Jalandhar Centre that will not just fill a wearisome lacuna, but will also provide a gutsy thrust to the subliminal success needs of these students. The fact that all three of them have MBA degrees from top b-schools like ISB-Hyderabad (ranked among top 20 in world), XLRI-Jamshedpur (ranked among top 5 in India), IMT-Ghaziabad and UBS-Chandigarh underscores the competence levels this team brings to the city.

PT education has in its fold a wholesome range of training courses that span from MBA entrance to MCA entrance, from personality development to Campus Placement Training, from career guidance after class XII to a complete package for education abroad.

The PT Jalandhar Centre brings to life one more vital link to success in the educational networks that are functional in our country. For PT education, this centre is another jewel in its crown. This jewel will be open for access and registrations from today. The centre was inaugurated on 28th of April 2009 by Mr. Charanjit Singh Channi, Chairman, CT Group of Institutions,

PT Jalandhar Centre is ideally located in the heart of the city where access will not pose any problem. The entire setup and the infrastructure is in synchronization with the fundamental tenets that PT has established as an essential platform for its centers. This gives all the centers all over the country a common pathway leading to success without anyone losing orientation at any point.

Speaking on this occasion, Mr Chawla very succinctly expressed that “the students of Jalandhar are on the threshold of getting access to world-class mentoring for MBA and MCA entrance examinations. This training will enable them to compete for the best of institutions with success being translated into real terms. The technically strong and focused training methodology will ensure that dreams are converted into admission-success effectively.” He also added that the team’s professional experience in the fields of Recruitment, Training and Personality development would go a long way in helping graduates succeed in Campus placements.

All those present there were also informed of the various courses that PT education had in its fold. Success with CAT was indeed a much sought after dream and ‘Pinnacle’ had the strategic strength and tactical focus to make it invaluable. Pinnacle literally means the top, the peak, the acme ... And who doesn’t wish to reach or climb to the top?

On this occasion, Col. Sanjiv Mehta remarked that education for PT was not a mere business; it was a mission through which the coming generations could carve for themselves a golden future and a powerful path for nation building.

There was excitement all around and the exuberant expressions on the faces of students were obvious. Jalandhar welcomed the idea of PT education entering its precincts with this success mission in its heart! With such a dynamic pathway open, the race to the finish-line for students from Jalandhar is now virtually

unstoppable!
