

Keyboard Shortcuts keys to Google, Keyboard shortcut key to Orkut, New Invention to Yahoo etc.

By atoall.com

Dated: May 07, 2009

Want to access the popular search engine Google? Just type keyboard shortcut keys [gghhjj.Com](http://gghhjj.com). Wish to login Orkut? Then type keyboard shortcut key [ookkmm.Com](http://ookkmm.com). New Invention to Yahoo, Microsoft etc.

Indian boys come up with keybaord shortcuts keys to Google, keyboard shortcut key to Orkut, new invention to Yahoo, Microsoft etc.

Want to access the popular search engine Google? Just type shortcut button gghhjj.com.

Wish to login Orkut ? Then type ookkmm.com.

These are a couple of the many keyboard shortcut keys brought out by eight net-savvy youth from India using their "angle theory" new invention.

According to them, New Technology is to overcome the language barrier while surfing.

So what if one does not know English. Just follow the keybaord shortcut key invented by the dot com company to log on to your favorite sites, the youths claimed.

Demonstrating their new invention, managing director of www.Atoall.com, Sanjeev Kumar, said one has to type three letters twice on the keyboard which are in a ' A ' Shape followed by dot (.) com. e.g. ggyyhh.com , www.ffttgg.com. New Option is working from all computer keyboard

For example, if one wants to open a gaming site, then he can type the keyboard letters "m, j and n" that are in an inverted "V" shape -- mmjjnn.Com.

Yahoo can be opened by typing yyhhnn.Com.

The company said all these come under the cyber laws.

"So, there is no violation of any rule and regulation. Moreover, there is no need to install any new software in the existing computer or laptop."

###
