Lester and Me, My Unforgettable Conversations With American Master, Lester Levenson, by Stephen Seretan, is being submitted by request this week to a prominent NY literary agent. It has had a world-wide readership from 20 countries, including India, Kenya, and Slovenia. Mr. Seretan is one of a few direct disciples of Lester Levenson in the world today, and the only one who has written a book about his 11 years of talks with him. He covers many subjects, including success, money, UFO's, life in outer space, reincarnation, sex, and much more. Mr. Levenson was "liberated" in 1952, and created a technique called, "KISS Releasing", that retraced his steps and allows anyone to create happiness, financial success, and a life doing whatever one chooses. He called it "effortless creation". Lester healed himself of terminal heart disease in 1952, and went on to become a multimillionaire.

Thousands of people all over the globe have learned it since its inception in 1974, and many more are reaching out to it today. If one Googles Lester Levenson, he will see over 30,000 pages. The state of the economy today has brought renewed interest in Lester Levenson and Mr. Seretan. His site, www.LesterandMe.com, has hundreds of hits per day. He teaches KISS Releasing on live teleconference calls to a world-wide group and also in- person classes.
