

## Medeco High Security Locks adds new Security Center

*By Valley Security Center*

*Dated: May 14, 2009*

### *Valley Forge Security Center Becomes Security Center*

Medeco High Security Locks and Arrow Lock and Door Hardware are proud to announce the newest member to the Medeco Security Center network, VALLEY FORGE SECURITY CENTER. Medeco Security Centers are a collection of Medeco High Security Locks and Arrow Lock and Door Hardware dealers located throughout the United States. At a Medeco Security Center, customers will find knowledgeable, factory trained personnel that provide sound security advise, top notch service, and genuine expertise. Every employee associated with a Medeco Security Center goes through extensive security training, becoming an expert on high security and Medeco and Arrow product lines.

Founded in 1991, VALLEY FORGE SECURITY CENTER is one of the premier locksmith companies in the Philadelphia Tri-State area. VALLEY FORGE SECURITY CENTER has a large, modern state-of-the-art showroom located in one retail location, allowing business and home owners to choose from a variety of products to fit their security needs. For more information call 877-318-7585 or visit their website at <http://www.vflock.com>.

Medeco High Security Locks and Arrow Lock and Door Hardware are ASSA ABLOY companies. ASSA ABLOY is the global leader in door opening solutions. Founded in 1968, Medeco's high security locks are resistant to picking, drilling, bumping, and all other physical attacks. Medeco's electromechanical products offer audit trails and scheduling in addition to convenience of easy reprogramming. For more information about Medeco High Security Locks, visit the website at <http://www.medeco.net>.

When you're looking for a complete resource for architectural hardware, the quest for quality and value will lead you to Arrow. With their unparalleled lineup of locks, cylinders, exit devices and much more, Arrow can meet your every need with precisely manufactured products designed to meet the most exacting of standards. For more information on Arrow, please go to <http://www.arrowlock.com>.
