Have you ever spent hours trying to figure out how to use Photoshop ? Wouldn't it be better if you could just watch a video or take a Photoshop class? However, classes can be very expensive, and you could spend \$1,200 on just a few days of classroom instruction. The 'Get Going with Photoshop CS' Tutorial Download or DVD-ROM for Mac or PC is the answer. Our educational video gives you a solid foundation for working with Photoshop. The Photoshop tutorial video class also gives great workflow tips and tricks that will save you a lot of time and money. Start your Photoshop education off the right way, by getting comprehensive instruction from people who edit images and photographs for a living.

Here are the benefits of our Photoshop tutorial video:

1. Take the teacher home with you. Once the class or training course is over you could easily forget some of the concepts and Photoshop knowledge you acquired.
2. Enjoy in depth training that walks you through tutorials as if you were editing a real photograph or a digital image yourself. Source materials are included. Work with the photos we are teaching from.
3. Learn new skills that will make you more of an asset to your company, or that will help you get a new job.
4. Learn to retouch or correct new photos.
5. Learn to repair & restore classic family photos.
6. Design your own ads, posters, letterheads, flyers, and postcards
7. Create a custom profile picture for Myspace, Facebook, or your favorite social networking site.
