

## **Animal Communicator Maureen Harmonay Offers Discounted Consultations for Cats For the Month of June**

*By Animal Translations*

*Dated: May 29, 2009*

*Animal Communicator Maureen Harmonay of Animal Translations will honor the American Humane Society's Adopt-a-Cat Month® by offering reduced rate telepathic consultations for cats during the month of June, 2009.*

**Maureen Harmonay** of **Animal Translations** will offer a special price for animal communication consultations with cats during the month of June, 2009 in honor of the **American Humane Society's Adopt-a-Cat Month®** and to support cat caretakers by providing insight into the hearts and minds of their feline companions.

This 30-day offer is open to all cats (not just those who have been recently adopted) and the telepathic sessions can explore virtually any topic, including information about a cat's life and circumstances prior to being adopted by his current people, the best ways to integrate a new cat into a family with other animals, or issues relating to a cat's unexplained behavioral quirks, habits, or temperament.

The special June promotion from **Animal Translations** (<http://www.animaltranslations.com>) is underwritten by **Casey's Legacy** (<http://www.animaltranslations.com/catswithcancer-retry.htm>), which Ms. Harmonay initiated in 2008 as a tribute to Casey, her beloved cat companion of 15 years, who died after a 9-month battle with cancer.

According to Ms. Harmonay, "Anyone who has loved and lost a cat understands the deep bond that can develop between people and their feline friends. I believe that tuning into an animal telepathically can uncover jewels of information that can help to foster a more profound understanding between the species. This month, the focus is on cats, and I hope that anyone who's ever wanted to contact an animal communicator will take advantage of this special opportunity."

Maureen will offer telepathic cat consultations during the month of June for the discounted price of \$40. Clients can ask an unlimited number of questions and will receive a typed transcript of the session, as well as an appointment for a followup phone call with Maureen to discuss their questions and concerns.

To take advantage of this offer, visit the Animal Translations website (<http://www.animaltranslations.com>) or Email Maureen at: [MHarmonay@animaltranslations.com](mailto:MHarmonay@animaltranslations.com).
