

## **Art Around The World starts on 1stAngel.co.uk**

*By Elizabeth Edwards*

*Dated: Jun 01, 2009*

*Artists, photographers, creatives from around the world, all contributing to one single project.*

1st Angel creator, Elizabeth Edwards, is holding an Earth related event called “Art around the World”.

This charity event, raising money for Greenpeace, will combine the works of creative people around the world.

Artists will be sending in paintings and photography. The size of their artwork will be an 8?x8? image on a 9? x 9? canvas. Once the artwork is collected it will be included with the work of other artists all on one canvas.

This event is not limited to artists only. Poets are also encouraged to be a part of this event. A poet’s written works once submitted; will be placed in a book being made especially for this event.

The artwork collected as a whole will be called “Art Around the World”. The date of completion will be April 22, 2010, also known as Earth Day and it will be auctioned on that date at a United Kingdom’s professional auction house.

A DVD of music will be included in the auction, and musicians are invited to donate a track for that DVD.

The deadline for work to be received is 15 January, 2010.

You can also donate direct to the event by using the donation widget on the main project webpage at <http://1stangel.co.uk/aaw.php> and that widget can be used on your own webpage with a simple code that is provided at <http://www.chipin.com/mywidgets/id/b881e43c48aa24de>

All questions will be directed to Elizabeth Edwards at [aaw@1stangel.co.uk](mailto:aaw@1stangel.co.uk). Please check out <http://1stangel.co.uk/aaw.php> for further information on the project, and details on taking part.
