Black Hair is quite difficult to handle and to style, so find out here the 10 commandments to keep your hair curly and in an incredible shape:

1. Always use a conditioner after shampooing such as Mizani Fulfyl Conditioning Treatment or Moisturize Moisturizing Conditioner
2. When combing Afro or excessively curly hair, always comb from the ends working your way up to the root in order to reduce the risk of breakage
3. Always use a wide-toothed comb to detangle, preferably with a conditioner
4. Always gently blot dry hair instead of rough towel drying
5. Always use heat protection such as Mizani Thermastrong Style Serum when using heated styling tools
6. Have a conditioning treatment at least once a month such as Mizani Renew strength Shampoo, gelée, or Masque
7. Visit a professional stylist as often as possible to maintain the shape of your style and the condition of your hair
8. Protect your hair at night from loss of moisture and friction by using a night time treatment such as Mizani H2O Night Time Treatment and covering your hair with a silk scarf
9. Never have a permanent colour service less than two weeks before or after a relaxer service
10. Always protect your hair from the sun and damaging UV rays with a finishing product such as Mizani Shimmer Reflects Spritz which contains UV filters.
