Can The [Dream Lifestyle System] Work For Me?

The [Dream Lifestyle System] Was Created To Address These Problems

The 5 biggest concerns and challenges that people face with an online business are:

Building a website

Having a value add product or service

Creating a high converting capture page

Getting immediate traffic to their site

Making sales

You receive a beautiful designed capture page with Nick as the tour guide, whether you have already visited the site or still planning on doing so, you will see when you reach the last page you'll be reaching for your credit card. It's hard to pass up such a good offer.

The whole system and product sells for \$247, the coop is \$197 for a month of traffic, read below to learn more about the coop, and the autoresponder is \$19/pm. there are no extra fees. \$200 for Nick Bramble's Success Blueprint - Step by Step video Training to Making Your First \$100,000 and Beyond Online, and \$47 for the system. No monthly fees, you receive \$200 for every sale you make from your first sale directly into your account.

You can buy the coop and start receiving traffic immediately, read more below.

One of the bonuses you get when joining dream lifestyle system is 50,000 ad credits at Crocads. You can use these credits to send out thousands of emails to people who are interested in business opportunities, you can use an email sample in the back office and will most likely make sales.

You can go into crocads right now and check the prices, \$375 is the price you'll have to pay if you go there right now for 50,000 credits. This one free bonus is more valuable than the \$247 you have to pay for everything.

The two main products you receive when joining is Nick Bramble's Success Blueprint, step by step video training how to earn your first \$100,000+ online. There are 6 modules. The second product is the system: hosting, autoresponder email series, capture page, sales copy, websites and the products.

If your system makes just 3 sales per week, that equals \$2,400 per month, can you use an extra \$2,400 per month?

In Addition there is a whole section in the back office with more proven push button marketing that you can order. There are some really good deals that you won't be able to easily find yourself

How Will I Receive My Money?

This Has Been A Problem For People In Many Programs, With The Dream Lifestyle System You Receive

### Your Money Directly Into Your Account

Basically you just put your pay button at the end where people buy and then when they buy you get the money instantly, no waiting for any checks.

There are a few ways for you to receive your money instantly.

It is always a good idea to have more than one option for people to pay you.

While setting up your system you will need to join an online payment processor, the one everyone knows is Paypal, you are free to use Paypal, but it has limitations on the amount you can receive. When Making too many sales in a day it can become a problem.

Do not use Safepay as one of your online payment processors, I've done research on this company and they have committed various fraudulent actions. Members not being able to receive their funds and just subtracting funds for fees and not replying to any support requests as to why.

Alertpay is a trusted and top notch online payment processor you can join for free and start accepting credit cards securely right away with no limits. I use them myself.

Nick has made a partnership with Linkpoint one of the most secure online payment gateways in the world, members just fill in a partnership form and you will be able to accept secure credit card payments, Visa, Mastercard, American Express, Discover and so forth on your website with no limits.

The dream lifestyle system is virtually the best online money making machine operating online at the moment ad growing by the second. The instructions are simple and the support is amazing. I fully recommend the Dream lifestyle system to anyone looking to make their fist dollar online without to much effort.
