Natural Energy Solutions, LLC located in Pottsville, Pennsylvania is a market leader in GroundSource heating and cooling systems design and installation. With more than 20 years of experience, Natural Energy Solutions, is the only logical choice to design and install your GroundSource Energy System. We are specialists in Ground Source Energy Systems, in fact, it's all we do. Specializing as we do, allows us to stay current with all the latest trends and developments in GroundSource Energy.

Natural Energy Solutions, LLC was a Gold Sponsor of the Northeast Energy / Environmental Solutions Expo in Dallas, PA. The energy expo was hosted by the Pocono Northeast and the Endless Mountains Resource, Conservation, and Development Councils.

Natural Energy Solutions, LLC team members are proven professionals; they have been trained to design and install GroundSource Energy System systems to proven industry standards. Our designers meet the criteria established by the International Ground Source Heat Pump Association (IGSHPA), and our installers have been trained in proper loop installations and tested and certified in HDPE pipe fusion welding. You will always be treated with respect and given the time that you deserve. All aspects of your project will be completed in a highly professional manner. Natural Energy Solutions, LLC is dedicated to the proper design and installation of GroundSource Energy Systems.
