

Viack Corporation Receives 2009 Best of Scottsdale Award for Software Development of VIA3

By Mel Paisley

Dated: Jun 30, 2009

Viack Corporation has been selected for the 2009 Best of Scottsdale Award in the Computer Software Development category by the U.S. Commerce Association (USCA).

Washington, DC-- Viack Corporation has been selected for the 2009 Best of Scottsdale Award in the Computer Software Development category by the U.S. Commerce Association (USCA).

The USCA "Best of Local Business" Award Program recognizes outstanding local businesses throughout the country. Each year, the USCA identifies companies that they believe have achieved exceptional marketing success in their local community and business category. These are local companies that enhance the positive image of small business through service to their customers and community.

Various sources of information were gathered and analyzed to choose the winners in each category. The 2009 USCA Award Program focused on quality, not quantity. Winners are determined based on the information gathered both internally by the USCA and data provided by third parties.

VIACK CEO Brian Hodges expressed his sincere gratitude for the recognition. "We have spent years developing a world-class web conferencing and business communications platform to meet the needs of customers around the world, and it is rewarding to have this kind of recognition. We will continue to push for quality features to be developed into VIA3 Web Conferencing, so that our customers get more functionality at an affordable cost."

About U.S. Commerce Association (USCA):

U.S. Commerce Association (USCA) is a Washington D.C. based organization funded by local businesses operating in towns, large and small, across America. The purpose of USCA is to promote local business through public relations, marketing and advertising.

The USCA was established to recognize the best of local businesses in their community. Our organization works exclusively with local business owners, trade groups, professional associations, chambers of commerce and other business advertising and marketing groups. Our mission is to be an advocate for small and medium size businesses and business entrepreneurs across America.

About VIA3 from VIACK:

VIA3 provides a powerful set of web conferencing tools and services which enable its clients to leverage the power of the Internet for meetings, presentation, and collaboration from anywhere on earth. The affordable, secure, and feature rich VIA3 Software as a Service (SaaS) provides professionals and businesses the ability to reduce travel expenses, reduce overall communications expenses, while maximizing productivity. This is achieved by combining a uniquely superior Audio and Video Conferencing Solution with real-time document and presentation sharing, presence detection with Instant Messaging, group chat, workspaces, voting and polling, and more. All aspects of communication are ultra secure and no extra hardware or communication devices are needed beyond your computer with a webcam to facilitate the virtual face-to-face conferencing. Continuity of operations, "Teleworking", and collaboration between dispersed groups are only a click away with VIA3.

VIA3 is available at VIA3.com, with a free 1-month trial. This trial requires no credit card, and is completely risk free.
