You and Dinky Music Inc. Can Help Make a Wish Come True

Dinky Music hasn't stopped giving just because their Dinky Acts of Kindness benefit concert is over. The Non-Profit Coordinator has created "A Wish Karaoke Package" which lets ordinary people be a star for a day in a professional recording studio, singing two or three of their favorite songs, and proceeds go to a charity's local chapter to help them enhance the lives of individuals with life-threatening illnesses. The package was created for one to four singers and results in a professionally mastered CD for each participant. A basic session includes 30 minutes of recording time, and 30 minutes of mixing and mastering by a professional engineer. The session can be upgraded to "Premium" which gives participants one hour to record five to six songs and an hour for the engineer to mix and master. With both packages, each participant receives a copy of the finished product in a shrink wrapped jewel case with specially designed cover artwork featuring the participants' names and the charity's logo. Additional CDs of the session are available for purchase, which results in an additional donation to the charity. CDs are professionally printed on Tuesdays and mailed or available for pick up on Wednesdays at Dinky Music Recording Studios in Corona, CA. If the customer chooses to pick up the CDs, the delivery fees are given as an additional donation, as are the CD costs not applied to the session. But like the benefit concert all good things must come to an end, and sessions will only be booked until the end of August.
