

The Orange Vegas Black offers style and function in a small handset

By Alan Reed

Dated: Jul 03, 2009

The Orange Vegas black is a smart phone which is also stylish to look at.

The Orange Vegas black is a smart phone which is also stylish to look at. Its only 58mm wide and 99 grams in weight, which makes it one of the smallest handsets of this type on the market but it packs a punch in the functionality stakes with a multitude of features which provide a wealth of enjoyment for its owner. Its lightweight feel is unrivalled within this market and as such sets it apart from its competitors.

This phone offers an MP3 media player as well an FM radio. The MP3 player plays a variety of audio files which include MP3, AAC and WMA as well as MP4. This encompasses the majority of audio file formats encountered. The FM radio offers local and national radio station availability. This affords its users the alternative means of musical interlude by accessing news, weather and radio programs.

The phone has a 2.4 inch touch screen, which is a joy to use. It is simple and responsive and works well in all manner of light conditions. The phone provides a 1.3 Megapixel camera which is of sufficient quality to take excellent snap shots for viewing later and is user friendly and effective.

The phone comes with a comprehensive package of additional features including GPRS and WAP as well as MMS facilities. Memory can be stored and used via a handy T-flash memory card slot, which can be used to expand memory capacity significantly.
